# HOMEROOM (hōm + rüm) noun:

1. hot liquid death 2. trying to  
decipher the intercom 3. a “finish  
your homework, get gossip, pretend  
to listen to the announcements” period

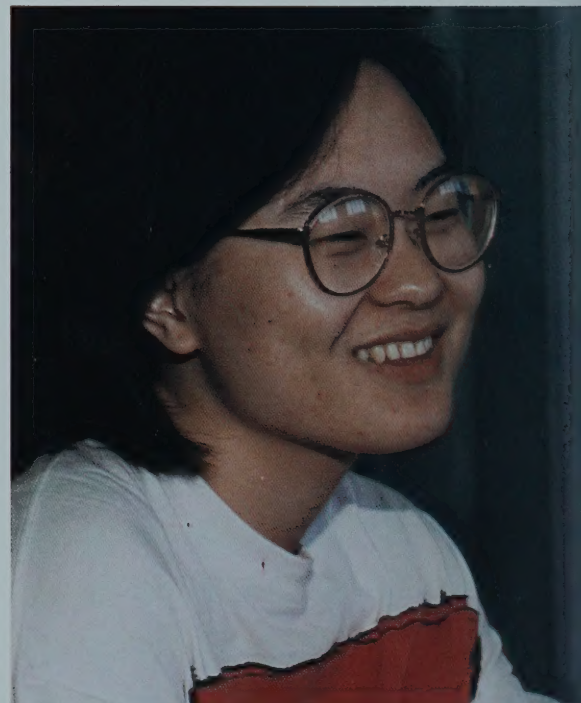

## What's the strangest thing that happened while going to school?

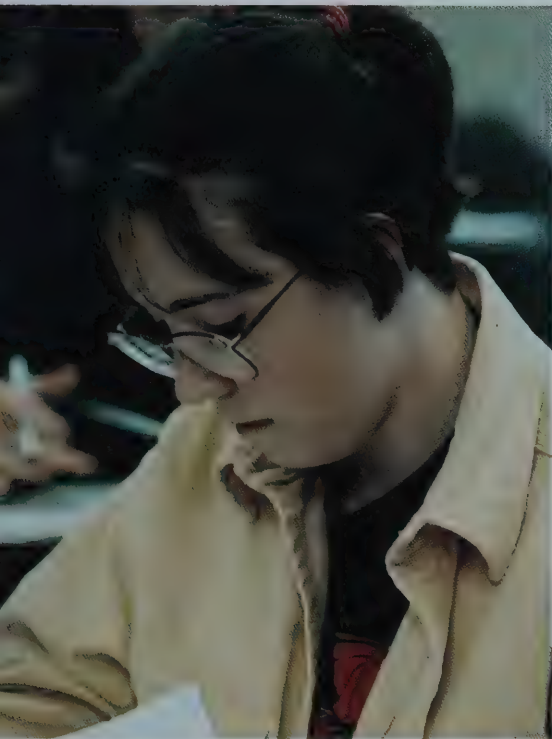

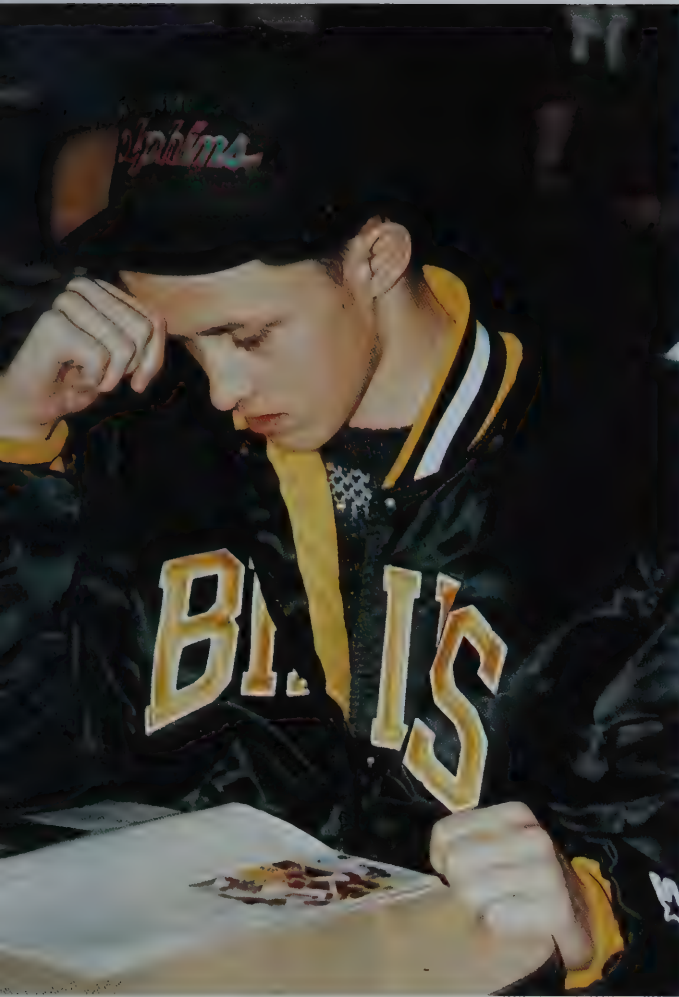

- I ran over some dude standing in the upper lot yelling about some permit
- I was on the bus, and we hit a snow bank and started tipping
- I slipped on ice and fell under a car

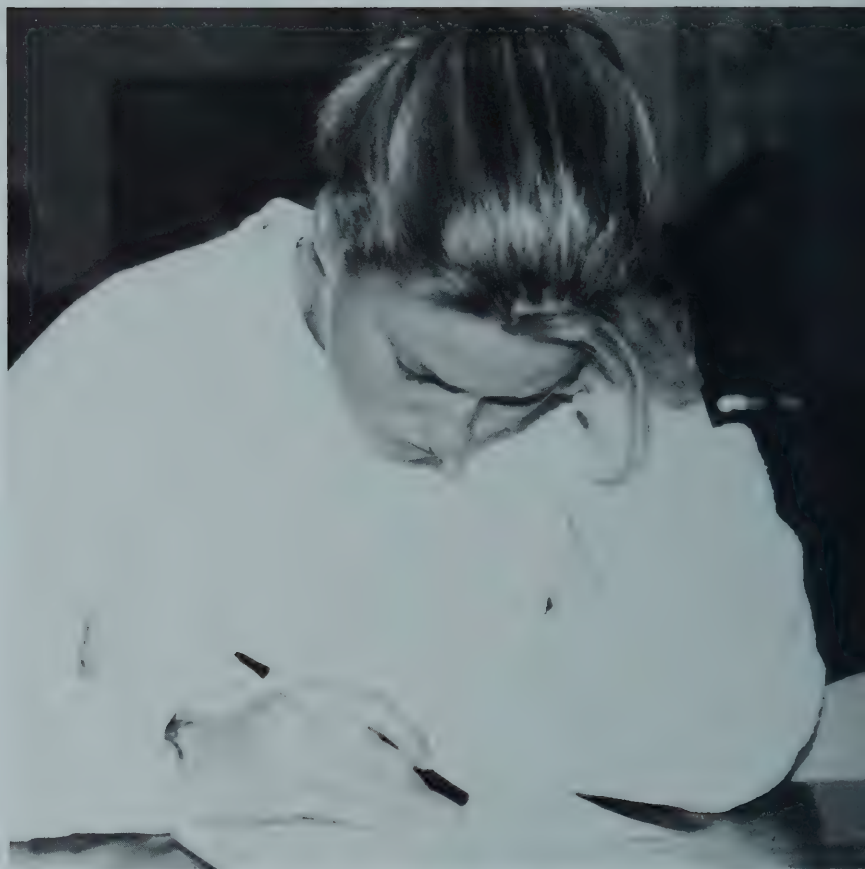

We have a library? Where?

The library is a place to . . .

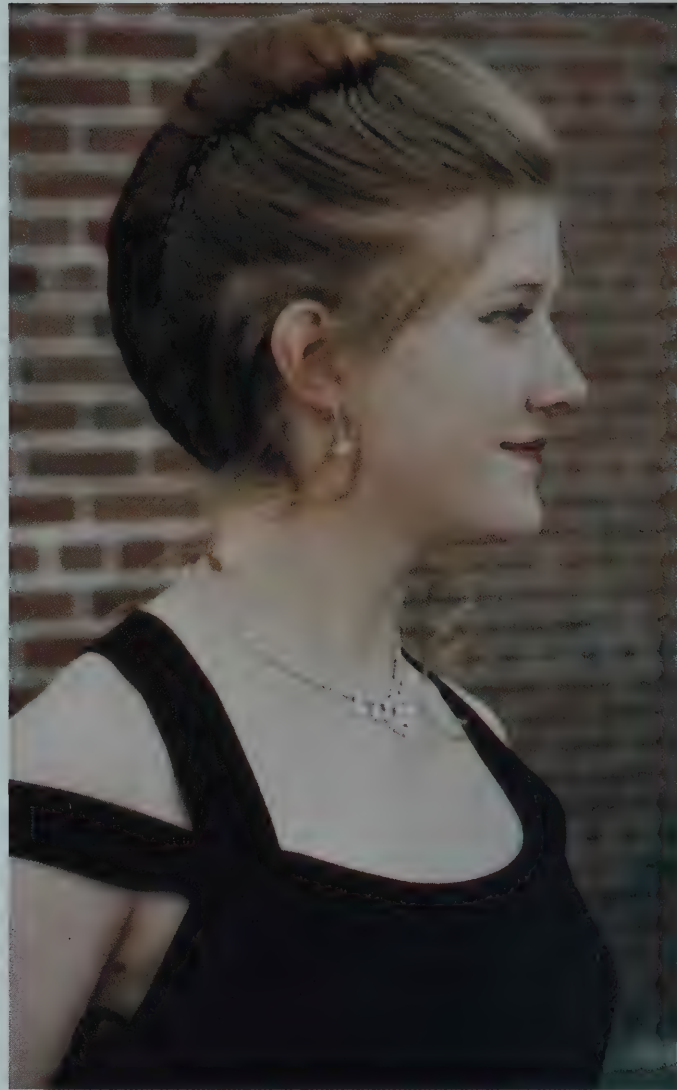

- figure how I'm going to rule the world
- read the graffiti on the carrels
- critique the Dewey Decimal System
- talk in the "no talk" or "low talk areas"
- plug my ears and wait for Mr. Stauffer's sophomores to leave
- sit with your English class and pretend to be working on your term paper
- violate "only four people to a table" rule

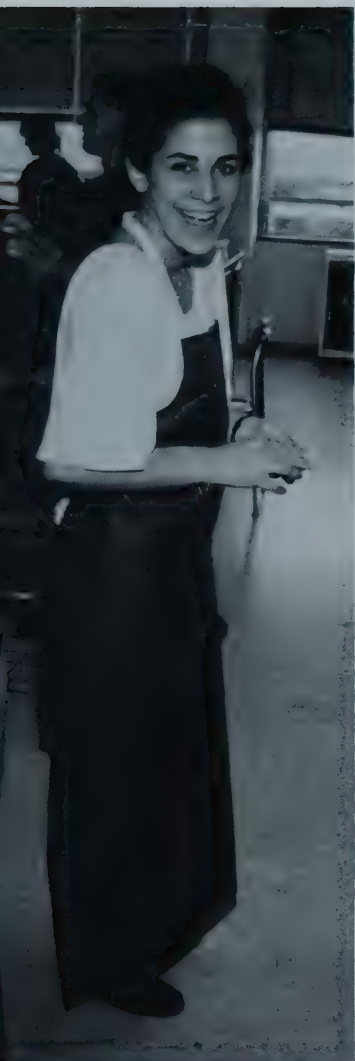

The most important thing I've  
learned in the past four years  
is . . .

- life's hard
- be careful where you put your legs under the desks
- how to use my scientific calculator
- the best excuse to leave the cafe after the teachers have already barred the doors.
- how to be me!
- I haven't learned yet . . .
- never park in the upper lot without a pass

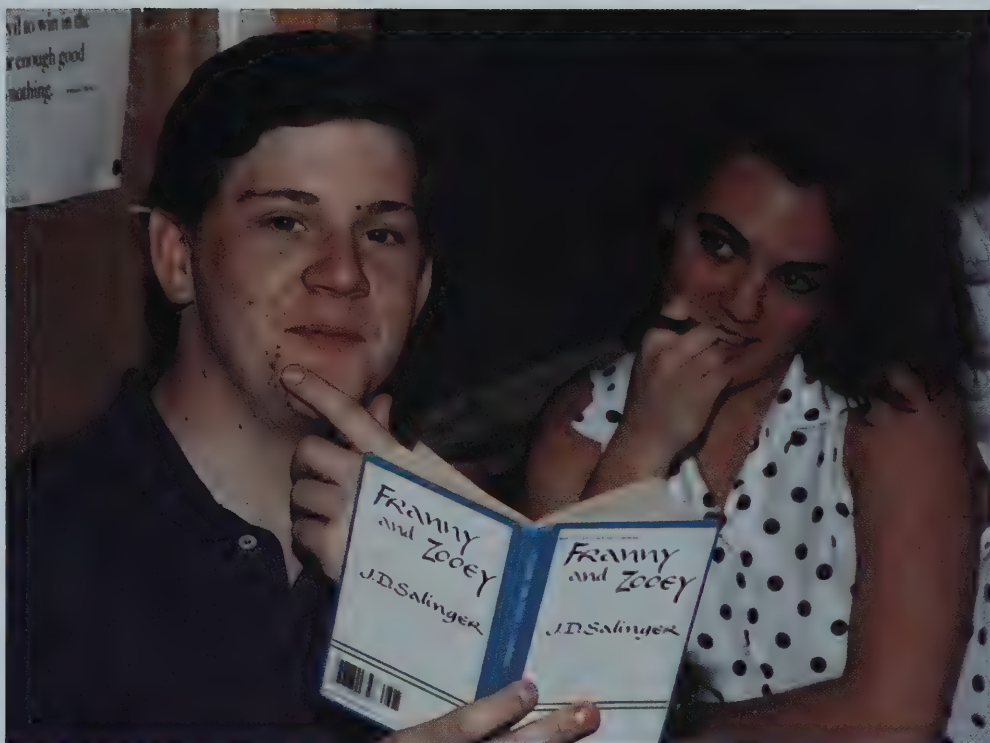

150, 149, 148 . . . 132 days  
until graduation

The typical N.H.S. senior is . . .

- page thirty-seven of the autumn J-Crew catalog
- exhausted and seriously pondering dropping out and living in their parents' basement
- a stressed, regressed freshman; confused

- recess?
- the well-run student organizations
- the square-dance competitions

## NEEDHAM CLASS OF 94 GRAD

### CIRCLE GAME

Yesterday a child came out to wander  
Caught a dragon fly inside a jar  
Fearful when the sky was full of thunder  
And tearful at the falling of a star

Then the child moved ten times round the seasons  
Skated over ten clear frozen streams  
Words like "when you're older" must appease him  
And promises of someday make his dreams

Sixteen springs and sixteen summers gone now  
Cartwheels turn to car wheels 'round the town  
And they tell him take your time it won't be long now  
'Til you drag your feet to slow the circle down

So the years went by and now the child is twenty  
Tho' his dreams have lost some grandeur coming true  
There'll be new dreams, maybe better dreams and plenty  
Before the last revolving year is through

And the seasons, they go round and round  
And the painted ponies go up and down  
We're captive on a carousel of time We can't  
return we can only look behind from where  
we came And go round and round and round  
in the circle game

The 1994 Needham High School Advocate was printed by Jostens Printing and Publishing in their Winston-Salem, N.C. plant. The books were printed with a process color cover that was designed by the yearbook editors and produced by Jostens representative John Neister on a Quadra 650 computer using Adobe Photoshop 2.5.1. All artwork in the 1994 Advocate was done by Mohammed Sabokrooh. 136 pages were printed on 80 lb. gloss paper in black ink; eight pages were printed in process color. The endsheet is parchmatte contempore stock. Major headlines were Times Roman and Helvetica in 36 and 18 point, respectively. Body and caption copy were set in 10 and 12 point Times Roman.
